After registering, you will receive a confirmation email containing information about joining the meeting.

Towards a geography of justice: Rural equity and the promise of public education

Media and policymakers often overlook the diversity of rural communities and the important role that rural schools can play in promoting equity. Drawing upon her research and teaching in rural communities, Dr. Mara Casey Tieken will explore why rural schools matter, focusing how they can further opportunity across lines of race, class, and geography.

If you have any questions please contact the RERIC office at rerice@wcer.wisc.edu.
